

REMARKS

The amendments to Claims 24-26 and 46-50 were made solely to address the 35 U.S.C. §101 rejections, and have merely removed the word "adaptable."

The amendment to Claim 47 was made merely to correct a typographical mistake in the dependency of this claim.

Applicants respectfully assert that the amendments to these claims, and incorporated by reference in any claims pending therefrom, are not narrowing amendments made for a reason related to the statutory requirements for a patent that will give rise to prosecution history estoppel.

Respectfully submitted,
